Happy St Patricks Day

Just to show that St Patrick
was born in Clydebank!

"This Lent we are inviting you to take part in a fast with a difference."

A Carbon Fast

In the spirit of Pope Francis and concern for the earth, our common home, we are encouraging everyone to consider how much energy (our carbon footprint) we use in our daily lives, and whether we can reduce it. Changing our lifestyles overnight is difficult but we can all begin to take small steps that can change our understanding of how our energy use affects others and our world.

On the parish website, there are ideas for cutting energy (or carbon) every day. Why not choose one or two and commit to doing it every day in Lent. Here are a couple.

Use a sandwich box instead of cling film to take your lunch to work.

Fill your kettle with only as much water as you need. If we all filled our kettles with only as much water for our cups, we could save enough energy to power over three quarters of the UK's street lights!

Holy Week and Easter Time Table

Please take leaflets away for yourselves, neighbours and family. Use them as a way of inviting people to the services and please note where there is Children's Liturgy.
